# Parent Access to Schoology

Here's all you need to do:

1. Go to Schoology.com (make sure this is **.com** as opposed to lsr7.org)
2. Click **Sign Up** (your role is **Parent**)
3. Enter this unique code: **##Access Code##** (which you will request from your student's teacher)

You will then be able to login and see your student's contributions to our class discussions, any submitted homework, assessment results, upcoming and overdue assignments, and all the helpful class materials & resources.
